In undertaking this risk assessment, the board of management has endeavoured to identify as far as possible the risks of harm that are relevant to this school and to ensure that adequate procedures are in place to manage all risks identified. While it is not possible to foresee and remove all risk of harm, the school has in place the procedures listed in this risk assessment to manage and reduce risk to the greatest possible extent.

It is the responsibility of each school to ensure, as far as possible, that any other risks and procedures that are relevant to its own particular circumstances are identified and specified in the written risk assessment and that adequate procedures are in place to address all risks identified.

These schools policies and their practices and procedures to mitigate the risk of harm to children while they are participating in the activities of the school and that some school activities will carry low or minimal risks of harm compared to others. In the context of the risk assessment that must be undertaken by schools, the Children First Act, 2015 refers to risk as "any potential for harm". Therefore, it is important that, as part of its risk assessment process, each school lists and reviews all of its various activities (which shall include identifying those that may carry low risk of harm as well as those that carry higher risks of harm). Doing so will help the school to

- (1) identify as required under the Children First Act, 2015, any risks of harm that may exist in respect of the school's activities,
- (2) identify and assess the adequacy of the various procedures already in place to manage those risks of harm and
- (3) identify and put in place any such additional procedures as are considered necessary to manage any risk identified.

The Addendum to Children First: National Guidance for the Protection and Welfare of Children published in January 2019 clarifies that organisations providing relevant services to children should consider the specific issue of online safety when carrying out their risk assessment and preparing their Child Safeguarding Statement.

The Guidance on Continuity of Schooling for primary and post-primary schools (April 2020) advises of the importance of teachers maintaining the safe and ethical use of the internet during distance learning and assisting parents and guardians to be aware of their role also. Schools should ensure that their Acceptable Use Policy (AUP) informs and guides remote or distance learning activity.

This risk assessment has been completed by the Board of Management on 4th September 2023. It shall be reviewed as part of the school's annual review of its Child Safeguarding Statement.

The <u>Child Protection Procedures for Primary and Post-Primary Schools (revised 2023)</u> require that the Board of Management must undertake a review of its Child Safeguarding Statement and that the following checklist shall be used for this purpose. The Board of Management has ensured that arrangements are in place to provide information to all school personnel on the Child Protection Procedures for Primary and Post-Primary Schools (Revised 2023). School planning documentation indicates that the school is making full provision for the relevant aspects of the curriculum

The Child Protection and Safeguarding Inspection Model (CPSI) inspections consist of ten overarching checks, each with a number of sub checks, based on the 2023 Procedures. The ten overarching checks are as follows: 1. The school has communicated the required aspects of the Child Protection Procedures for Primary and Post-Primary Schools (revised 2023) to relevant stakeholders. 2. A Designated Liaison Person (DLP) and a deputy DLP have been appointed in line with the requirements of the Child Protection Procedures for Primary and Post-Primary Schools (revised 2023). 3. The board of management reports that it is aware of and discharges its responsibilities to provide information to all school personnel relevant to child protection and to ensure that available training is undertaken by all or some members of staff as required. 4. The board of management reports that it is aware of its responsibilities in relation to vetting of all school personnel and report that Child Protection and they discharge these responsibilities. A child safeguarding statement and risk assessment have been (CPSI) prepared in line with the template and requirements of the Child Protection Procedures for Primary and Post-Primary Schools (revised 2023). 6. The minutes of the board meetings that were checked contained a record of a child protection oversight report being provided in line with the requirements of the Child Protection Procedures for Primary and Post-Primary Schools (revised 2023). 5 7. Correct record keeping procedures were found in the child protection cases examined. 8. The procedures to report child protection concerns were implemented in the records examined. 9. The procedures to report allegations or suspicions of abuse against school personnel7 were implemented in the records examined. 10. The quality of planning for and implementation of the SPHE curriculum and the Stay Safe programme in primary schools and of the SPHE curriculum and the Relationship and Sexuality Education (RSE) programme in post-primary schools, as evident during the inspection. Child Protection Guidelines Information for School Employees

Child Protection Procedures for Primary and Post Primary Schools (Revised 2023)

Dealing with disclosures from children

- 3.3.1 An abused child is likely to be under severe emotional stress and a member of school personnel may be the only adult whom the child is prepared to trust. Great care shall be taken not to damage that trust.
- 3.3.2 When information is offered in confidence, the member of school personnel will need tact and sensitivity in responding to the disclosure. The member of school personnel will need to reassure the child, and endeavour to retain his or her trust, while explaining the need for action which will necessarily involve other adults being informed. It is important to tell the child that everything possible will be done to protect and support him or her, but not to make promises that cannot be kept e.g. promising not to tell anyone else.
- **3.3.3** It is important to deal with any allegation of abuse or neglect in a sensitive and competent way through listening to and facilitating the child to tell about the problem, rather than interviewing the child about details of what happened.

Disclosures of abuse must be dealt with sensitively and professionally. The following approach is suggested as best practice for dealing with these disclosures:

- React calmly
- Listen carefully and attentively
- Take the child seriously
- Reassure the child that they have taken the right action in talking to you
- Do not promise to keep anything secret
- Ask questions for clarification only. Do not ask leading questions
- Check back with the child that what you have heard is correct and understood
- Do not express any opinions about the alleged abuser
- Ensure that the child understands the procedures that will follow
- Make a written record of the conversation as soon as possible, in as much detail as possible
- Treat the information confidentially, subject to the requirements of the **Children First National Guidance 2023** and relevant legislation. Only share in information with your DLP

The duty of the recipient of such information is to follow the reporting requirements outlined in <u>chapter 5</u> of these procedures. It must always be remembered that school have a supportive, **not an investigative role.**

Responsibilities of all School Personnel

3.1.1 School personnel are especially well placed to observe changes in children's behaviour, their lack of development or outward signs of abuse. In any situation where a member of school personnel (including a registered teacher), receives an allegation or has a suspicion that a child may have been abused or neglected, is being abused or neglected, or is at risk of abuse or neglect, he or she shall, without delay, report the matter to the designated liaison person (DLP) in accordance with the procedures outlined in chapter 5 of these procedures.

Criteria for mandated reporting: threshold of harm

4.3.1 Under the Children First Act, 2015 registered teachers as mandated persons are required to report to Tusla any knowledge, belief or reasonable grounds to suspect that a child has been harmed, is being harmed, or is at risk of being harmed. The Act defines harm as assault, ill-treatment, neglect or sexual abuse, and covers single and multiple instances. The four types of abuse are described in chapter 2 of these procedures. The threshold of harm for each

category of abuse at which registered teachers as mandated persons have a statutory obligation to report concerns is set out in chapter 3 of Children First National Guidance 2023, and is outlined below.

Four Type of Abuse

Neglect, emotional abuse, physical abuse and sexual abuse

Teachers Registered with the Teaching Council are Mandated Persons

Overview of the Role of Mandated Person.

The content of this document is based on Children First: National Guidance and the Children First Act 2015.

Who are mandated persons?

The Children First Act 2015 places a legal obligation on certain people, many of whom are professionals, to report child protection concerns at or above a defined threshold to Tusla - Child and Family Agency. These mandated persons must also assist Tusla in their assessment of child protection concerns about children who have been the subject of a mandated report, if requested to do so.

Mandated persons are people who have contact with children and/or families and who, because of their qualifications, training and/or employment role, are in a key position to help protect children from harm. Mandated persons include professionals working with children in the education, health, justice, youth and childcare sectors. Certain professionals who may not work directly with children, such as those in adult counselling or psychiatry, are also mandated persons. The list also includes registered foster carers and members of the clergy or pastoral care workers of a church or other religious community.

What are the legal obligations of a mandated person?

Mandated persons have two main legal obligations under the Children First Act 2015. These are:

- To report, suspected or disclosed harm to a child, above a defined threshold, to Tusla
- To assist Tusla, if requested, in assessing a concern which has been the subject of a mandated report

The Act defines harm as assault, ill-treatment, neglect or sexual abuse, and covers single and multiple instances.

Making a mandated report to Tusla.

For detailed guidance on reporting, please see the Tusla Children First: A Guide for the Reporting of Child Protection and Welfare Concerns. If your concern does not reach the threshold for mandated reporting, but you feel it is a **reasonable concern** about the welfare or protection of a child, you should report it to Tusla under the Children First: National Guidance.

Mandated reporters can access Tusla's emergency out-of-hours social work service on 0818 776 315 between 6pm and 6am every night and between 9am and 5pm on Saturdays, Sundays and Bank Holidays.

Informing the employer or Designated Liaison Person

As part of their child protection reporting procedures or internal human resources (HR) policy, employers may require mandated persons to inform them if a mandated report has been made and to provide a copy of the report. You should be familiar with your employer's procedures and follow them.

As a mandated person, you should be aware that the legal obligations under the Children First Act 2015 to report mandated concerns rest with you and not with the designated liaison person.

Mandated assisting

The Children First Act 2015 provides that all mandated persons can be asked by Tusla to provide any necessary and proportionate assistance to aid Tusla in assessing the risk to a child arising from a mandated report. You must comply with this request, regardless of who made the report. Tusla accepts the time limitations and pressures on other professionals and will use mandated assisting only when necessary and only to the extent needed by each specific case. Mandated assistance may include a request to supply further information over the phone, produce a verbal or written report or attend a meeting.

Protection from civil liability

If you are required to share information with Tusla when assisting in the assessment of risk to a child, you are protected from civil liability by the *Children First Act 2015*.

This appendix contains a summary of the main record-keeping requirements set out in these procedures as follows:
□ Section 3.4 sets out requirements on individual members of school personnel to record child protection concerns that they may have, including disclosures from children and any actions taken in respect of same.
\square Section 5.1.1 requires that the DLP shall make a written record of any concern brought to his or her attention by a member of school personnel and shall place this record in a secure location.
□ Section 5.3.3 requires that in all cases where the DLP has sought the advice of Tusla the DLP shall retain a record of the consultation which will note the date, the name of the Tusla official and the advice given.
□ Section 3.4.4 requires that the DLP shall retain a copy of every report submitted by him or her to Tusla and shall keep a record of any further actions taken by the DLP and of any further communications with Tusla, An Garda Siochana or other parties in relation to that report.

□ Section 3.4.6 requires that to allow for the effective recording and tracking of relevant records and actions, child protection case files and any parties referenced in such files shall be assigned a unique code or serial number by the DLP. It also requires that a decision by the DLP not to inform a parent/carer shall be recorded together with the reasons for not doing so.
□ Section 5.3.8 requires that if the DLP decides that the concern of the member of school personnel, including that of a registered teacher, should not be reported to Tusla the DLP shall give the member of school personnel a clear statement, in writing, as to the reasons why action is not being taken. A copy of this statement shall be retained by the DLP. Where that member of school personnel decides to make a report to Tusla, he or she must provide the DLP with a copy of that report.
□ Section 5.6 requires that where the DLP issues a notification to a parent in accordance with that section, a copy of that notification shall be retained by the DLP.
\square Section 3.5.4 requires the board of management to ensure that arrangements are in place to ensure that the deputy DLP can access relevant records when required.
□ Section 8.13.6 requires that records of the annual review of the school's Child Safeguarding Statement and its outcome shall be retained and made available, if requested, to the patron and/or the Department.
The above is not intended to be an exhaustive list of the record keeping requirements in these procedures

and school personnel should ensure that records are maintained in line with the requirements set out in
